

Travis County Municipal Utility District No. 10

500 N. Capital of Texas Hwy, Bldg. 1, Suite 125, Austin, Texas 78746
Office: (512) 402-1990

STAGE 3 – Severe Drought (Orange)

Effective: September 6, 2011

Dear Waterstone Condo Resident:

LCRA has asked all water Utilities, who draw water from Lake Travis or Lake Austin, to reduce the amount of water they are drawing from the Lakes by up to 20% due to low lake levels; and that Utilities implement mandatory watering restrictions to accomplish this reduction. The “trigger” for LCRA’s action was lake levels falling below 900,000 acre feet of water in Lake Travis and Buchanan combined.

Each customer has been issued a new allocation of water. **Excess water usage over the specified allocation per month will be charged 200% of the normal rates.**

The monthly water allocation for each Waterstone Condo unit is 15,000 gallons of water. Please conserve all non-essential uses of water to stay within your allocation.

Additional non-essential water uses to avoid:

- 1) Use of water to wash any motor vehicle, motorcycle, boat, airplane or other vehicle.
- 2) Use of water to wash-down sidewalks, driveway, patio, parking lots, tennis courts or any other hard-surfaced area.
- 3) Use of water to wash down buildings or structures for purposes other than fire protection.
- 4) Flushing of gutters.
- 5) Use of water to fill pools or Jacuzzi type pools.
- 6) Use of water for fountains or ponds except where necessary to support aquatic life.
- 7) Please repair leaks as soon as possible.

Should you have any questions regarding this notice, please contact the Utility Office at (512) 402-1990.

Respectfully,

Travis County MUD No. 10
